World Cup : Team Leader change

---

The Board of Directors FRBPA/KBKF was recently informed of the publication of the website of the Global Skating Academy. The website listed Rita Zonnekeyn as president of this new club.

Rita Zonnekeyn was named Teamleader for the Belgian Team for the upcoming World Championships.

The Board of Directors, officials and even skaters immediately received a lot of questions about Rita's exact role. The Global Skating Academy made changes to their website, and they formally stated that only talks had taken place.

However, due to the controversy already surrounding Rita's collaboration with the Global Skating Academy, the Board of Directors has decided to withdraw and have her replaced as Team Leader so that the focus can return to the team.

For the first time, Belgium is sending no less than five skaters to a World Cup. Loena Hendrickx, Nina Pinzarrone and Jade Hovine will compete in the Singles Women. Olivia Shilling and Léo Baeten will represent our country in the Ice Dance discipline.

We wish the whole team a great World Cup !
